Subject: RE: Lane Plating Works CAG Steering Mtg Summary: Nov. 8, 2019

Ed,

Thank you for the update. Could you please give me your work cellphone number? Just in case. And, I'm planning on attending the meeting next Monday.

Thanks
Evelyn

Evelyn,

Please see the below. I am going to send another email to the CAG, so please keep this for internal only.

Thanks,

-Ed-

Subject: Lane Plating Works CAG Steering Mtg Summary: Nov. 8, 2019

Hi there,

I attended the Lane Plating CAG Steering meeting last Friday, Nov. 8, 2019. The meeting began at 6:05 p.m. at Councilman Atkin's offices, with attendance by TCEQ, the City of Dallas Environmental Office and CGA citizen members. The following are take-aways from the meeting:

- The CAG unanimously voted to approve their bylaws, with a few small edits. Please see the attached for their draft that was sent prior to the meeting.
- The CAG requested EPA share the site mailing list so they can begin working on an outreach plan for site notification to affected communities. The CIC will utilize this plan to draft the site Community Involvement Plan.
- The CAG requested a digital copy of the RPM's site update presentation from the first meeting on October 15, 2019.
- The CAG is requesting the next community meeting be scheduled for late January 2020. During that meeting, they are requesting EPA detail the Phase 1 Site Sampling Results to the public.
- The CAG requested EPA brief them in their next meeting on Monday, Nov. 18, 2019, regarding questions over the Conceptual Site Model and the Phase 1 Site Sampling Results. The CIC will relay the questions to the RPM in preparation for that meeting.

If you have further questions, or need clarification, please don't hesitate to ask.

Thanks,

-Ed-
